## *Regional Training*

**JD Premium Products Mission Statement:** *JD Premium Products is committed to being a leader in the network marketing industry. We are dedicated to helping the average person help themselves.*

*Our Goal is to empower each Distributor to achieve the highest possible level of success for their business.*

**We assure our Distributors success by providing:**

- *The highest quality, all natural products at fair market prices.*
- *A simple, easy to understand Compensation Plan.*
- *Extensive marketing support in the areas of the business start-up, marketing and sales.*

*We are committed to keep the marketing dollars in the pockets of our distributors – the people who deserve it.*

stages of development. Each and every one of these amazing new products is designed to fit perfectly with the first point of our Mission Statement, "The highest quality, all natural products at fair market prices." In keeping with the third point, "Extensive marketing support in the areas of the business start-up, marketing and sales," we have recently begun JD Premium Products Regional Trainings throughout the United States. These educational trainings have been carefully designed to help each and every Distributor expand and build their business to whatever level they desire. They are full of product information, marketing ideas, hands on product testing and much, much more.

Some of the comments we have heard about the training are: "Susan Stucki and Gary Campbell were excellent and have in depth knowledge of the skin care industry."

"The trainings were very professional, the time spent was extremely valuable – Much more than simply receiving information about another product. That was important, but more valuable was the philosophy and human values that were shared."

"If you can't tell by now, I totally recommend and encourage everyone to make it a priority to attend one of the regional training meetings that is available in your area. You will not be sorry."

We have developed these great Regional Trainings to benefit every Distributor that wants to learn more about building their business. We hope that you can catch the vision and join us at one of these exciting events.

Check the back office area of your website for upcoming regional training.

What an exciting time to be part of this great company. As most of you know by now, Jerky Direct is evolving and becoming more. We have begun the transformation from Jerky Direct to JD Premium Products, the healthy choice company! We have introduced many new and innovative products and have many more in various

## Just a Coincidence???

Walter Gavurnik

*I suffer from severe psoriasis. My doctor prescribed fluocinonide. After over 2 years of use, without much change, I was sent to a dermatologist. She prescribed a stronger topical called diflorasone diacetate. I applied this as prescribed with little relief. I received my supplement pack at week 2 of the new prescription. Upon using the supplements, there was an immediate change in my psoriasis. 1 week of taking the supplements, the change was amazing!*

*The rashes on my legs began to break up. They became "small" spots rather than "patches". At 2 weeks, my upper body is devoid of psoriasis. My legs are getting better by the day! I am ecstatic about the improvement.*

*I cannot say this was because of the supplements, what I am able to say is, it did not happen before the supplements! There are other things you should know also.*

*I didn't take any medication for the blood pressure or the cholesterol. Just the supplements!*

*My doctor asked me what I had changed in my diet. The only things were no soda and the supplements! He gave me a resounding "Wonderful!"*

*I am sorry for waiting so long to begin the supplements. Thank God I did not wait too long!*

*It seems there is more than meets the eye with supplements. I for one am glad I began taking them! Thanks Jerky Direct!*

*God bless*
